

## **Folkestone Invicta 2 - 0 Whitehawk**

A game in which we finished with nine players does not tell the full story of our performance.

We at least showed some fight after the sending off of Paul Armstrong and Sam Gargan, as we never showed up on the night.

It was a totally different performance from the 1 that saw us overcome Whitstable four days before.

It seemed like we never came out of the changing rooms and Folkestone to there credit took full advantage and if it was not for Chris Winterton in goal we would have been behind in the first half as he made 2 great saves.

The second half was no better and on 68 minutes the referee gave the home side a penalty, from which they scored and Paul Armstrong was sent off after he argued with an opposing player head to head and the ref gave him his marching orders for a head-butt.

A few minutes later Sam Gargan was shown a second yellow for an elbow and he was sent off too, it was after that when we finally showed a bit of character but it was all too late and Folkestone scored a second late on.
