

Whitehawk 3 - 0 Bognor Regis Town

This was a very sweet victory over our biggest rivals and leaders of the division, which cut the lead to 2 points with Bognor having a game in hand still.

Things could have been very different in this game had the visitors taken two very good chances in the first 15 minutes, but in games like these you have to ride your luck at times.

The away fans were giving James Fraser loads of stick and he dealt with that extremely well to his credit, and in the 35 minute it was a Fraser corner that was met by Craig Richards who headed in the opener into the far corner.

As we moved into the last 5 minutes of the first half the terrific Fraser made his way into the box as Kyle Vassell (who has been fantastic in his first 3 games) broke down the right his cross looked to have too much on it as Fraser had to turn his back away from goal and as the ball bounced he took off and his overhead kick looped over the keeper and into the net (just want to say that I did call a James Fraser goal in this game) to put the mighty Hawks 2up at the break.

As the second half started there was no let up and the Hawks were in control and in the 51st minute the impressive Vassell grabbed his first goal for the club and a deserved one it was too.

Bognor seemed defeated and never really had much to offer as the sting was taken out of the game by a workman like performance from us.

Congratulations to Darren, Ross, Paul and the rest of the team this result was a long time coming.

Man of the match

Has to be the whole team for this one
